NOTICE OF PROPOSED RULE MAKING

Adopted: August 6, 1997;

Released: August 15, 1997

Comment Date: October 6, 1997

Reply Comment Date: October 21, 1997

By the Chief, Allocations Branch:

1. The Commission has before it the petition for rule making filed by Billy R. Evans ("petitioner"), proposing the allotment of Channel 250A at Kenova, West Virginia, as the community's first local aural transmission service. Petitioner states his intention to apply for the channel, if allotted.¹

2. In support of his proposal, petitioner states that Kenova is located in Wayne County, West Virginia (population 41,636),² and has a population of 3,748 persons. Kenova has a city government consisting of a mayor and five city commissioners. It also has a police department, fire department, and an elementary school.³

¹Although the petitioner's request was signed, it failed to include an affidavit verifying that the statements contained in the petition were accurate to the best of his knowledge. Section 1.52 of the Commission's Rules requires that the original of any document filed with the Commission by a party not represented by counsel be signed and verified by the party and his/her address stated. In the absence of such verification, the petition may be dismissed. Section 1.401(b) of the Commission's Rules concerning rule making proceedings places petitioners on notice that their proposal must conform with the requirements of Section 1.52 regarding subscription and verification. See also Amendment of Sections 1.420 and 73.3584 of the Commission's Rules Concerning Abuses of the Commission's Processes, 5 FCC Rcd 3911, 3919 n.41 (1990). The petitioner is requested to rectify this omission in his comments.

²All population figures are taken from the 1990 U.S. Census.

³We note that Kenova is listed in the 1995 Rand McNally Commercial Atlas as an incorporated community with a post office and a zip code.

3. We believe the proposal warrants consideration since the proposed allotment of Channel 250A at Kenova, West Virginia, could provide the community with its first local aural transmission service. An engineering analysis has determined that Channel 250A can be allotted to Kenova in compliance with the Commission's minimum distance separation requirements with a site restriction of 2.5 kilometers (1.6 miles) south to avoid a short-spacing to the licensed site of Station WZQQ(FM), Channel 250C, Hyden, Kentucky.⁴

4. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Kenova, West Virginia	---	250A

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before October 6, 1997, and reply comments on or before October 21, 1997, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, his counsel or consultant, as follows:

Billy R. Evans
111 Picardy Court
Elizabethtown, Kentucky 42701
(Petitioner)

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

⁴The coordinates for Channel 250A at Kenova are North Latitude 38-22-38 and West Longitude 82-34-33.

8. For further information concerning this proceeding, contact Sharon P. McDonald, Mass Media Bureau, (202) 418-2180. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.

2. Showings Required. Comments are invited on the proposal(s) discussed in the Notice of Proposed Rule Making to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules).

(b) With respect to petitions for rule making which conflict with the proposals in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached.
